

Bio for Pat York

I am the Regional Program Coordinator of District 2 for Arts4All Florida. I have been in this position for 13 years. My responsibilities include facilitating the teaching residencies in my 19 counties, providing professional development, creating community art classes and networking with other organizations to spread the word about the programs Arts4All Florida offers to the community.

Before I retired and started working for Arts4All, I was Dean of Students, a curriculum coordinator, an elementary teacher, and an ESE teacher. My ESE career included teaching a Pre-K class with disabilities and Varying Exceptionalities serving 3rd-5th grade students. During my career as an educator, I worked with Arts4All as the site coordinator for our yearly festival. That is when I became hooked with the mission of Arts4All Florida.
