

# Make AR & VR in the classroom

## CoSpaces.io

CoSpaces Edu enables students to learn by doing, using the various tools available with the technology. All features in CoSpaces Edu can be adapted to fit different class subjects and learning objectives.

Available on: tablet, desktop, chromebook

### Before the training:

- Please set up your CoSpaces account by going to CoSpaces.io
- You will have access to the Pro Version for the training. Use the Free version for starting the tutorials.

**Complete the  
Beginner Tutorial**
