Student of the Month
February 2023

13-year-old **Angelica “Hima” Robles Castellano** was nominated by their mother Yazmin Castellano. Yazmin writes, “Hima self-taught themselves how to draw. By watching videos, they have perfected their drawing. Hima is a person who is detailed oriented, perfectionist and determined. They loved to create cartoons on paper and electronically.” Arts4All Florida was impressed by Hima’s talents as an artist and how Hima advocates for themselves.
