Jackson County Student Named Arts4All Florida
September 2023 Student of the Month
(Gainesville, FL) September 15, 2023

Arts4All Florida is pleased to announce 21-year-old Trinity Ward as September 2023 Student of the Month. She attends NextStep at Endeavour Academy in Marianna, FL. Trinity was nominated by NextStep program coordinator Ronda Burke.

Ronda shared “Trinity is an amazing young woman who has demonstrated tremendous growth since enrolling in NextStep at Endeavor Academy in August 2022. Her enthusiasm and creativity have enabled her to quickly learn the necessary skills to excel in the transition program, and we are so proud of her success in obtaining meaningful employment as a seamstress with Catalyst Fabric Solutions in Marianna. In addition to Trinity's creative artistic ability, her hard work and dedication to both her job and the classroom exemplify her qualifications for the honor of this award. “

Trinity loves several genres of art, most notably sketching and designing creating dresses and other garments. From her sketches, Trinity typically takes used pieces of clothing and creates something new, and she pieces together the materials by hand-stitch. She enjoys expressing herself through a variety of mediums. She also paints and creates splatter art with primarily local high school and collegiate colors. She sold some of her artwork at a recent fundraiser.

Trinity loves theater, music, and being exposed to a wide variety of arts. Her passion for creating is contagious; we are excited to see her explore and learn as she becomes more confident in her ability to express herself through art.

Arts4All Florida was impressed with her outstanding work ethic and looks forward to recognizing Trinity in our newsletter, highlighting her on our website and sending her a personalized trophy. The Arts4All Florida Student of the Month Program is designed to increase public awareness and recognize the impact arts make on students with disabilities statewide. Students who participate in the arts develop creativity, have increased self-confidence, understand teamwork, have increased language and math skills and are generally more engaged.
