Orange County Student Named Arts4All Florida
September 2024 Student of the Month
(Orlando, FL) September, 2024

Arts4All Florida is delighted to announce Seemena Turpin, a 17-year-old student from Avalon Private School in Orlando, FL, as our September 2024 Student of the Month. Seemena's nomination came from Arlene Rhodenbeck, the Director at Home of Bright Choices, who has witnessed her remarkable growth through participation in visual arts classes taught by Deborah Knispel.

Initially hesitant, Seemena embarked on her artistic journey with modest participation and significant support needs. Over time, her confidence soared, she became more independent, focused, and uncovered hidden talents in various art mediums. Her newfound comfort and appreciation for her art have led

her to share her achievements with her family enthusiastically.

We at Arts4All Florida are inspired by Seemena's dedication and are excited to feature her in our newsletter, celebrate her achievements on our website, and present her with a customized trophy in recognition of her exceptional work ethic.

The Student of the Month program by Arts4All Florida aims to raise public awareness about the positive impact of the arts on students with disabilities throughout the state. Engaging in the arts fosters creativity, boosts self-esteem, teaches collaboration, enhances language and math skills, and promotes overall engagement. For more details about the Student of the Month program and other initiatives, please visit www.arts4allflorida.org.
