ANIMATION GETS REAL CAMP

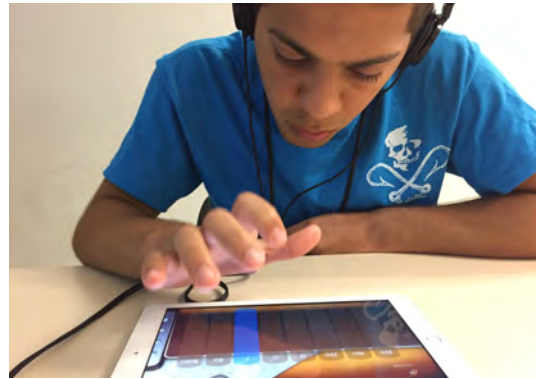

FRIDAY UPDATE

THE FINAL STRETCH

The end of the week at Animation Camp is always a bittersweet day for all of us. We've been working hard all week long, so Friday morning is spent getting all of our last minute edits into our animation shorts so they will be ready to present at our afternoon showcase.

As Ms. Dani helped us finish up our final masterpieces, Mr. Clint has been busy creating a highlight reel of all our fun times during camp this week! We'll get to watch it later with our parents

LIGHTS, CAMERA, ACTION!!

The time has finally come! Each of our families filed into the workroom to catch a behind the scenes sneak peak into all that we have learned, and what we've been up to this week.

We started off the showcase with a special performance of an original song created by our very own camper Gabi, along with some fun choreography and a performance from our very own iPad improv band! Afterwards, we debuted each of our animations in a short video that Mr. Clint put together (which can be found on our Facebook page in case you missed out.) To wrap up the showcase Ms. Dani, Ms. Sandy, and Mr. Clint handed out certificate awards to each of us for all our hard work throughout the week!

Arts4All Florida is so grateful to the USF College of Education for hosting us this week and to Dr. Clint Randles, Ms. Dani Bowman, and Ms. Sandra Vielma for teaching us their arts! See you next year!
